# INSTRUCTION

When you first use the program, you will see this page, this robot will randomly type welcome message. You can touch this button to the Menu.

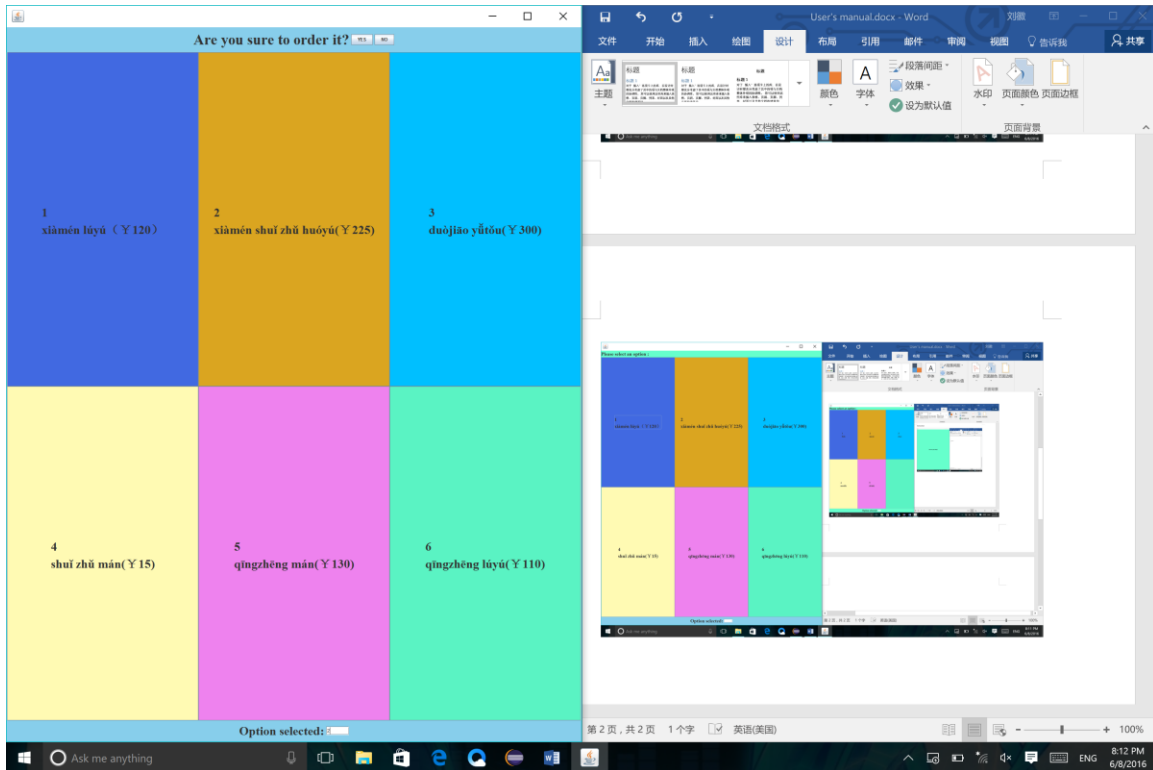

Then you see the Menu like the following figure, and you could type 1-5 number and use the Return key to enter into this Dishes menu.

And then you can choose any food in the page, type the number and use Return key to buy it.
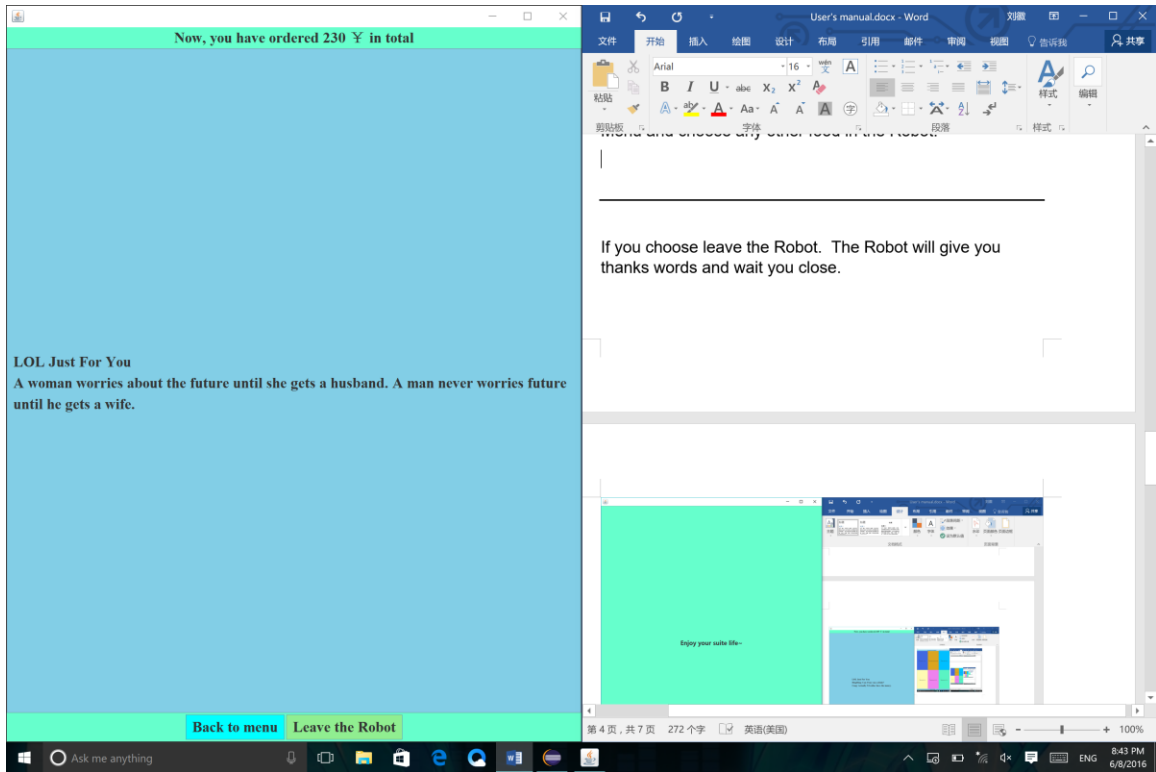

When you type a food, you need to choose "yes" or "no", if you really want to buy it, you can choose "yes" and enter the next figure, you also could choose "no" if you don't want to buy it, then you will back to the last page.

You would see this page if you buy any food. In this page, you can see the total prices of all food which you bought with a joke, then you need choose back to the Menu or Leave the Robot to wait for food.
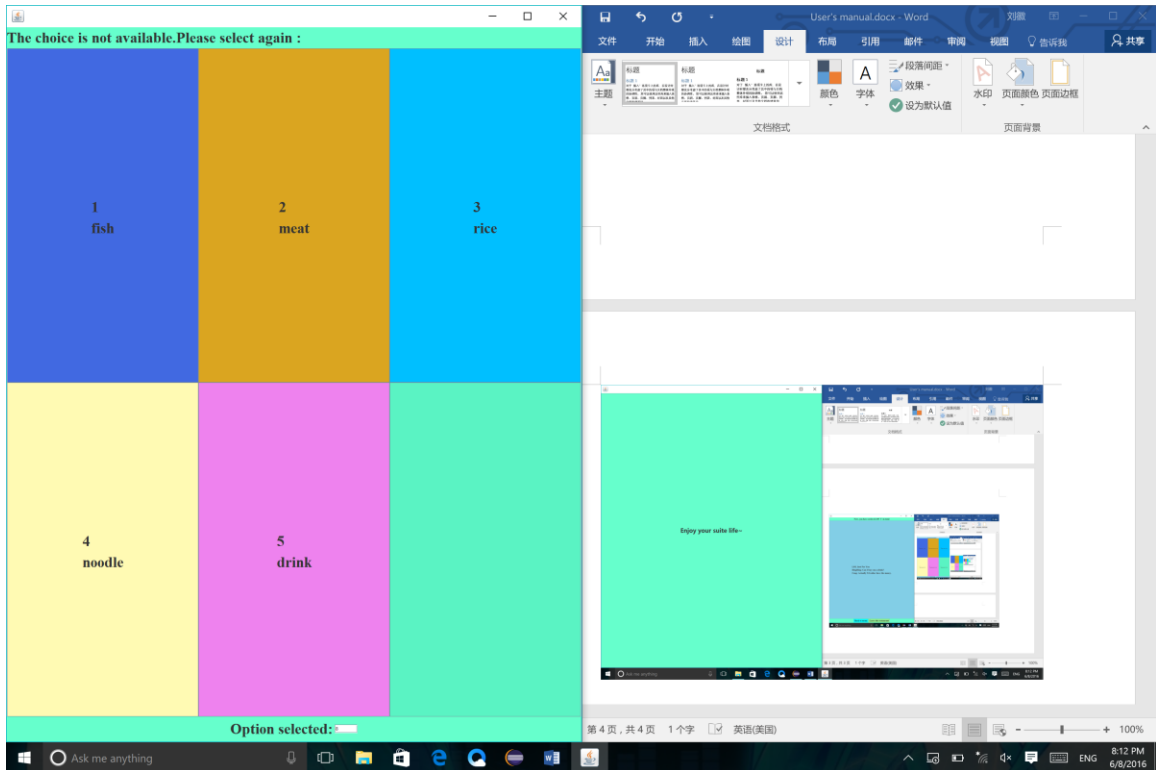

If you choose back to Menu(figure2), you will back to the Menu and choose any other food in the Robot.

If you choose leave the Robot. The Robot will give you thanks words and wait you close.

Enjoy your suite life~

Now, you have ordered 205¥ in total

LOL Just For You
DingDing: Can I buy you a drink?
Gang: Actually I'd rather have the money.

Back to menu   Leave the restaurant

Sometimes you will type some unused word, like any number bigger than 6 or some alphabet. The Robot will ask you to type another word. Don't worry, just type again.

The Robot would be sleep if you don't do something too long, you could touch the button wake up it and back to the page you just see.

And when you sleep again, it will lock like the next figure.

And then you can choose any food in the page, type the number and use Return key to buy it.

The Robot would be sleep if you don't do something too long, you could touch the button wake up it and back to the page you just see.

And when you sleep again, it will lock like the next figure.
